

SIX-MILE TUNNEL WILL BE BUILT

Southern Pacific Planning Long Bore Through Sierra Nevada Mountains.

IT WILL COST \$10,000,000

WILL SHORTEN PRESENT CLIMB BY TWO THOUSAND FEET.

San Francisco, Feb. 19.—Plans have been prepared by engineers of the Southern Pacific company for a tunnel six miles long through the Sierra Nevada mountains. The estimated cost is \$10,000,000. It is expected that work on the tunnel will begin in the near future.

CALIENTE HAS CONCERT.

Town Receives Special Honor From an Opera Company.

Kenneth Kerr, traveling passenger agent for the Salt Lake route, returned yesterday from San Bernardino after accompanying the "Beauty and the Beast" troupe to that point over the road. The company traveled in a special train composed of five large cars, and succeeded in making a record run from Ogden to San Bernardino in twenty-seven hours. The night run between Vegas and Otis, a distance of 171 miles, was made in four hours.

SAN DIEGO WANTS RAILROAD.

Chamber of Commerce Will Ask Salt Lake Route to Extend.

If the recent movement inaugurated by the chamber of commerce of San Diego is successful the Salt Lake Route will build an extension into that city. The members of the chamber of commerce of San Diego in session Friday, brought up the matter in discussion and voted that steps be taken to induce the Salt Lake route to consider the extension. Colonel Jewell, a prominent banker of San Diego, told the directors of the chamber of commerce that he understood that the Salt Lake Route was contemplating building into the city of San Bernardino, and suggested that the railway committee of the organization negotiate with the officials of the road for the desired extension.

If these conferences result successfully the route might be through the Coachella valley and Fallbrook via Escondido. This route would open up a fertile virgin territory and give San Diego direct railroad connection with San Bernardino on the east without touching Los Angeles. This route would connect San Diego with the outside states by a line 100 miles shorter than the Southern Pacific or Santa Fe would be able to build.

GETS THE BULLFROG FREIGHT.

Salt Lake Route Secures Business for New Branch.

"That the early bird catches the worm" still holds good is proved by the freight traffic handled over the Salt Lake route's new branch from Ogden to Las Vegas. The branch is 100 miles long and is the shortest route to Las Vegas by rail. The Goldfield branch on the north is seventy miles from Bullfrog.

Work on the Las Vegas branch is being pushed with all possible haste. Bullfrog will be reached by spring.

Tent City at Buena Vista.

A construction camp has been established at Buena Vista by the Salt Lake route. The camp is the largest of the kind along the Western Pacific line near that point. Within the past few days a small tent city has sprung into existence at this point, where large material yards will be built. Living tents, a mess and dining tent, and store tents, have been thrown up for the accommodation of the workers at this point. The six-mile stretch of grading across the southern end of the lake has been completed. This grade is built through the shallow edge of the lake and in a perfectly straight line.

Will Issue Additional Stock.

New York, Feb. 19.—The directors of the Chicago & Northwestern Railway company today authorized the issue of an additional common stock to the amount of \$16,250,000, which amounts to 20 per cent of the total preferred and common stock outstanding. The new stock will be offered at par to stockholders of record April 2 next.

Railroad Notes.

L. Harding, general agent of the Colorado Midland, will return from a trip along the coast today. The freight agent of the Oregon Short Line, is expected to return from Chicago today.

Parley L. Williams, general attorney for the Oregon Short Line, returned from New York yesterday morning.

D. S. Spencer, assistant general passenger agent of the Oregon Short Line, leaves for San Francisco today.

J. L. Moore, district passenger and freight agent of the Salt Lake route, returned yesterday from Los Angeles, where he went with the Elks' excursion.

Mrs. E. W. Childs, daughter of A. C. Bird, traffic director of the Denver & Rio Grande at Kansas City, will pass through this city today en route to Los Angeles. Mrs. Childs is accompanied by her three children.

The Salt Lake Route is operating through tourist sleeper service between St. Louis and Los Angeles via Salt Lake. The tourist sleepers are run over the Wash. Union Pacific and Salt Lake lines.

General Superintendent E. Buckingham of the Oregon Short Line, accompanied by Mrs. Buckingham, and Mrs. J. J. Foster and W. H. Murray, chief clerk in the passenger department of the Union Pacific at Ogden, and wife, are spending a short vacation in Los Angeles. The party made the trip in Mr. Buckingham's private car.

The westbound trains are heavily loaded with home-seekers as a result of the colonists' rates inaugurated last week. The Rio Grande trains are running in two sections. Instead of three trains passing through this city, as usual, six trains pull in and out of local depots. Other roads are handling large crowds of colonists. The \$5 rate offered by the Salt Lake route to San Francisco is attracting large numbers of travelers also.

LAWYER MISSING.

Seattle, Wash., Feb. 19.—Last Thursday W. D. Edwards, a prominent lawyer and clubman of Everett and former partner of Judge W. W. Black, left that city for Tacoma on business and his friends nor family have not heard anything from him since. Mr. Edwards has lived in Everett for the last fifteen years and is well-known throughout western Washington.

TRING TO STOP DIVORCE EVIL

Congress to Discuss the Advisability of Uniform Laws Elects Gov. Pennypacker President.

MANIFEST MUCH INTEREST

MARRIAGE TIE NOT SACRED IN THIS COUNTRY.

Washington, Feb. 19.—Governor Samuel W. Pennypacker of Pennsylvania was chosen president of the congress on uniform divorce laws which convened here today. Governor Pennypacker outlined the objects of the congress.

The initiative had been taken in Pennsylvania, he said, when the governor had been authorized by the legislature to communicate with the governors of the several states requesting them to co-operate in assembling of a congress to discuss the subject of divorce. Forty-two states and the District of Columbia, he said, had sent delegates.

South Carolina's Law.

Continuing, Governor Pennypacker said: "Of the three states which are unrepresented, one of them, South Carolina, does not permit divorce for any cause, and, therefore, only two of the forty-five states have failed to indicate an appreciation of the significance of the movement upon which you have embarked. The dissolution of the marriage tie has become so common as to be regarded as an ordinary event, awakening no comment and meeting with little or no disapproval. There are more divorces granted annually in the America than in any other country upon earth except Japan."

Appalling Figures.

"A writer who has investigated the subject declares that at the time of the census of 1900 there were 198,134 divorced persons living in the United States; that there were nearly 70,000 divorces granted in 1903, and that the proportion of divorces to marriages is increasing with alarming rapidity. We may well regard such degeneracy in morals and such loss of that fibre which gives character to the race as a national calamity. If you can do something to limit and check a stream which promises ere long to be a flood, you may well be content. What is recommended in the way of legislation ought to be the outcome of careful deliberation and wise consideration, in order that it may commend itself to the prudent and thoughtful statesmen of the nation and avoid criticism and opposition."

ALL GRADUATE TOGETHER

College Students at University of Utah Fail to Get Separate Commencement.

The college and normal students of the university are to be graduated together, as heretofore. This was the decision reached by the faculty of the university yesterday, but only after over four hours of lively discussion. The final vote was 20 to 10 in favor of a joint graduation.

President Karl Hopkins of the senior class of the college presented a petition from the senior class asking for a separate graduation. He also presented that argument upon which the university demanded that the school make as big a showing as possible, and that it could best do that by holding a joint graduation. They held that the caps and gowns worn by the senior class would be sufficient distinction between them and the normal students.

The outcome came as a surprise to most of the college students, as they thought the proposition would come through without any stubborn resistance. This belief was strengthened greatly by the fact that the normal students were also almost unanimous in favor of a separate exercise.

Professor Byron Cummings and Levi Edgar Young were most pronounced in favor of granting the demands of the seniors. They held that the university was the only one in the United States that did not draw a distinction in the graduating exercises between the students who complete the work for a degree and those all of whose only four years of work which is equal to the work done in the high school only.

Opposed to them were Professors J. F. Merrill and R. R. Lyman. They held that the best interests of the university demanded that the school make as big a showing as possible, and that it could best do that by holding a joint graduation. They held that the caps and gowns worn by the senior class would be sufficient distinction between them and the normal students.

CAPTURED BY BANDITS.

El Paso, Tex., Feb. 19.—A special agent from Deming, N. M., said that Robert Hankins, a prominent citizen and cattleman of Southern New Mexico, has been taken by bandits from a stage near Silver City, N. M., and carried into the Mogollon mountains, to be held presumably for a reward.

TWO MEN DROWNED.

Bellingham, Wash., Feb. 19.—J. T. Ferguson and Herbert H. Hoston, two single-bolt drivers, were drowned near Beming in the south fork of the Nooksack river at 5:40 o'clock Sunday evening, while attempting to cross in a boat from the timber where they had been working to the Loebe cutter mill about a mile north of Acme. There were eight men in the boat. Six reached shore safely.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages in the Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists. See Catarrh Hall's Family Pills for constipation.

PERKINS IS FOR SENATOR SMOOT

In Presenting a Petition Signed by Thousands of California Women, He Made Plain His Position.

VIEWS OF MR. PATTERSON

GRAVE CONSTITUTIONAL QUESTION INVOLVED.

Washington, Feb. 19.—In presenting petitions against Senator Reed Smoot, signed by thousands of women of California and Colorado, Messrs. Perkins and Patterson took occasion today to define their positions on the protests against the Utah senator. The former said that religious views should not be considered in passing upon the qualifications of a senator, and that his honesty and the attributes that command confidence and respect should be above all else. Mr. Patterson thought there were great constitutional questions to be considered, and said that these would govern his vote. The petitioners had requested these senators to make some remarks in presenting the prayers.

Discussion of the pure food bill occupied practically all of the day. The speakers were Mr. Heyburn, who has charge of the bill; Senator Foraker, who presented a number of amendments desired by liquor interests; and Mr. McCumber. An order was made to devote time tomorrow and consider amendments under the ten-minute rule and begin voting at 3 o'clock Wednesday.

PROCEEDINGS IN DETAIL.

Senator Perkins Plainly Disclosed His Position.

Washington, Feb. 19.—When the senate convened today Mr. Warren presented fifty-eight letters from railroad employees in Wyoming praying against the enactment of railroad rate legislation as proposed by the Esch-Townsend bill of last session upon the ground that it would tend toward a reduction of wages.

Mr. Perkins presented a petition against Senator Reed Smoot of Utah retaining his seat, signed by several thousand women of California. The petitioners asked the California senators to accompany the petition by a few remarks defining his position.

Perkins' Statement.

In carrying out this request, Mr. Perkins said it was the duty of a senator to sit as a juror upon the conduct of a colleague and that the chief qualifications to determine the member's eligibility were that he should be a good citizen, an honest man, of good character, possessing all the attributes that command the confidence and respect of his fellow men. "What is my private belief," said Mr. Perkins, "religious matters should have no weight in disqualifying a member from occupying the high position of senator of the United States."

Patterson's Position.

Mr. Patterson presented a petition against Mr. Smoot signed by several thousand Colorado women, and said that great constitutional questions were involved, and in casting his vote he intended to be governed by the constitutional rights of the person against whom the proceedings were pending.

Mr. Hale presented a conference report upon the urgent deficiency appropriation bill, which was adopted without debate.

Pure Food Bill.

During the discussion of the pure food bill, Mr. Foraker offered an amendment regarding the labels on liquor packages, which Mr. Heyburn said was an effort to put something into the bill in a "sly way" which would give some dealers an improper advantage. This was resented by Mr. Foraker, and he read letters from dealers protesting against the amendment to disclose the formula of a blended whiskey by printing it on the package. Mr. McCumber replied that there was no such requirement.

Mr. Foraker insisted that the meaning of the bill was plain and said that the purpose of his amendment was to provide merely for the use of some general word or words, such as blended, varied, or rectified, according to the character of whiskey in packages. He insisted that any one word would tell as much as the entire formula in warning the public that the whiskey was not just as it came from the still. He offered a second amendment, and both will be considered tomorrow.

On motion of Mr. Allison the unanimous consent agreement on the bill was amended to provide for the discussion of amendments under the ten-minute rule after 3 o'clock tomorrow afternoon and after the morning hour Wednesday, the voting to begin on Wednesday at 5 o'clock.

At 5:06 the senate went into executive session and adjourned at 5:15 p. m.

MITCHELL REFUSES

TO RUN FOR CONGRESS

New York, Feb. 19.—John Mitchell, president of the United Mine Workers of America, today received a telegram from Peoria, Ill., in which he was offered the Democratic nomination for congress to represent that district. Mr. Mitchell immediately replied to the convention, then in session in Peoria, declining the nomination. He said that he would not accept any political office while head of the mine workers. Mr. Mitchell lives at Springfield, Ill.

DISSOLVED BY SHOW OF FORCE

Members of Hungarian Parliament Protested, but No Resistance Was Offered.

KOSSUTH LOUDLY CHEERED

AUTHORITY OF THE EMPEROR KING DENIED.

Budapest, Feb. 19.—The Hungarian parliament was dissolved this morning with the use of force. The floor and corridors of the building were cleared by the police. There was no resistance and no disorder. The members of the coalition party declared that the dissolution was unconstitutional and illegal and that they will hold a meeting in the parliament building Wednesday unless prevented by troops, in which case the meeting will be held elsewhere.

Rescript Ignored.

The session opened at 10 o'clock sharp. The vice president read letters from General Nylri, the royal commissioner, and Herr Just, president of the lower house, and declared that the royal rescript dissolving parliament, forwarded by General Nylri was unconstitutional and illegal and energetically protested against it. The vice president proposed that the house ignore the rescript and return it to the emperor-king. The house unanimously accepted the proposal with prolonged cheers. Thereafter the minutes of the meeting were adopted, the deputies were notified to reassemble on Wednesday and that the house adjourn.

Enter the Soldiers.

The royal rescript dissolving parliament was left lying unopened on the president's desk and the members left the house, singing the Kossuth hymn. The floor was almost cleared when a captain of Hungarian militia, at the head of five soldiers with fixed bayonets and a large number of policemen who had previously entered by a side door, entered the house. The captain then opened and read the rescript amid constant interruption from the galleries and some of the deputies who returned to the floor, and all present united in singing the Kossuth hymn, with the result that not a word of the rescript could be heard.

House Cleared.

The police escorted several of the noisy members from the floor and then slowly cleared the galleries and corridors. A large crowd of cheering deputies escorted Francis Kossuth, Count Albert Aphonyi and other leaders from the house, which was surrounded by five squadrons of cavalry and one regiment of infantry, a battalion of militia and a thousand policemen.

NOT ASKED TO RESIGN.

Story Concerning President Tyree Is Denied.

San Francisco, Feb. 19.—There is no truth in the report that President Hiram Tyree of the Continental Life Insurance & Investment company had been asked to resign or that he will resign, said Emil Pohl of the legal department of the company today.

"It is expected," continued Mr. Pohl, "that the action now pending against Mr. Tyree and Mr. Wille, secretary of the company in Salt Lake, will be determined next Wednesday, when the affairs of the company will be turned once more into their usual channels, and when it will be the time of the company and its management to have something to say."

ASSASSIN FAILED

TO KILL PRESIDENT

Washington, Feb. 19.—News has reached Washington that on a morning of Feb. 10 an attempt was made to assassinate the president of the republic of Colombia. Eight shots were fired at him, five of which struck his carriage, but he escaped uninjured.

Testimony Concerning the Oil Combination in Missouri.

St. Louis, Feb. 19.—Taking of testimony in the ouster proceedings of the State of Missouri against the Standard Oil, Republic, Waters-Pierce and International Oil companies, was resumed today before Special Commissioner, Attorney General Hadley and Assistant Attorney General Lake appeared for the state, while Henry S. Priest, John D. Johnson, S. B. Eddy of Chicago, and Frank Hagerman of Kansas City, appeared for the oil concerns.

A. G. Stegerwald, traveling representative of the G. G. Clark company of Cleveland, an independent oil concern, who was formerly purchasing agent and traffic manager of the Republic Oil company, testified that the latter company was a Standard Oil concern.

"That is generally understood among oil men," said Mr. Stegerwald, "that the Republic, Standard Oil and Waters-Pierce companies have divided Missouri into three districts and that one concern naturally has the territory assigned to the other."

FRENCH BISHOPS WILL BE CONSECATED TOMORROW

Rome, Feb. 19.—The pope has suddenly decided to anticipate the consistory which will be held Feb. 21, instead of Feb. 26, and to consecrate nineteen French bishops will be appointed. These bishops will be consecrated by the pope himself in St. Peter's Feb. 21, in order to emphasize the importance of the event.

CANNOT ESCAPE PRISON.

Helena, Mont., Feb. 19.—James S. Keel, a well-known civil engineer, highly connected socially throughout Montana, must serve a ten years' sentence imposed by the district court of Cascade county for killing Thomas S. Cristal, a Helena bartender, three years ago. The supreme court today affirmed the decision of the lower court.

RUSSIAN RIOT CHECKED.

Kiev, Russia, Feb. 19.—The excesses of a riot, near Goma, where an anti-Jewish riot broke out yesterday, resulting in a large part of the town being burned, have been checked. A detachment of dragoons made a forced march from Goma to the scene of the rioting without loss of life. Among the burned buildings were two large warehouses owned by Jews.

END DRAWING NEAR.

Dubuque, Ia., Feb. 19.—Former Speaker David B. Henderson has suffered another paralytic stroke which has deprived him of his sight. His wife is the only person he recognizes. His general condition is worse. It is believed the end is near.

TAKING NO CHANCES.

Mobile, Ala., Feb. 19.—A quarantine will be declared against Havana and all Cuban ports on March 1 by the city of Mobile. Mobile has escaped yellow fever for several seasons and does not propose to take any chances.

All first-class restaurants and homes have Vienna bread.

Piles Quickly Cured at Home

Instant Relief, Permanent Cure— Trial Package Mailed Free to All in Plain Wrapper.

Piles is a fearful disease, but easy to cure if you go at it right. An operation with the knife is dangerous, humiliating and rarely a permanent success.

There is just one other sure way to be cured—painless, safe and in the privacy of your own home—it is Pyramid Pile Cure. Mail a trial package free to all who write. It will give you instant relief, show you the harmless, pleasant nature of this great remedy and start you well on the way toward a perfect cure. Then you can get a full-sized box from any druggist for 50 cents, and often one box cures. The druggist tries to sell you something just as good, it makes more money on the substitute. Insist on having what you call for. The cure begins at once and continues rapidly until it is complete and permanent. You can so right ahead with your work and be easy and comfortable all the time. It is well worth trying. Just send your name and address to Pyramid Drug Co., 1529 Pyramid Building, Marshall, Mich., and receive free by return mail the trial package in a plain wrapper. Thousands have been cured in this easy, painless and inexpensive way, in the privacy of the home. All druggists, 50 cents. Write today for a free package.

DRINK

Bars Men from Employment

Every line of business is beginning to shut its doors absolutely to drinking men. Business competition has become keen that only men of steadfast habits can find employment. Employers do not want men that are addicted to drink. A drinking man is not in fit condition to handle responsible work. Continued drinking disease of the nervous system. No "will power" can cure; treatment is necessary.

Cures Whiskey and Beer Habit

Take ORRINE Quietly at Home!
